Mountain Maryland PACE Cancels Annual Event
The 2021 reception and breakfast in Annapolis is canceled due to COVID concerns.

September 21, 2020

Cumberland, MD- The Mountain Maryland PACE committee is regretful to announce the cancellation of their annual event in Annapolis, previously scheduled for January of 2021. Due to concerns surrounding COVID, including ever-changing gathering size restrictions and travel concerns, the decision was made to err of the side of caution.

"The PACE committee has been committed to the promotion of Allegany and Garrett Counties in Annapolis for 45 years. After weighing the benefits, risks, and costs surrounding our annual event, we decided to proceed with an early cancellation in order to devote more time into developing an alternate plan," says PACE Co-Chair, Jeremy Irons. "Though our in-person event is canceled, the work of the PACE committee will continue on. The Maryland General Assembly will still go in to session and we are committed to finding innovative ways to promote our region and shine a spotlight on the unique assets and challenges of Mountain Maryland."

Plans for the return of an in-person event in 2022 are already underway. To keep informed of PACE happenings, visit us online at www.mtmarylandpace.com or find us on Facebook.

About Mt. Maryland PACE:

Now in its 45th year, P.A.C.E. (Positive Attitudes Change Everything) is an organization made up of Allegany & Garrett County community members who are committed to making Maryland's political leadership aware of the needs and the specific requests of Allegany and Garrett Counties. This effort is vital when it comes time for Senate or House Committee to decide which program to fund or which project to include in the budget. The annual Reception and Breakfast provide our Delegation with a strong show of local support for issues they are pressing in Annapolis, and the results have proven to be impressive.
